OUR PROGRESSIVE MARCH.

The Splendid Address of President J. S Hunter

BEFORE I. & I. ASSOCIATION

Of Greensboro, Recently—Our City's Progressive Industries, Educational Institutions, etc.

Following is the late, but nevertheless interesting report of President J. S. Hunter, of the Greensboro Industrial & Immigration Association, made at the last annual meeting of the association, several days ago:

Time has brought us to another mile post on our journey. A little over four years ago this association was born. The Greensboro of that time is not the Greensboro you see today. We were then just recovering from a land cyclone that had swept over the south. Real estate had practically no value, mills and factories were idle, their operatives showed only too plainly the need of work, and everywhere we looked we saw the need of special effort In this condition our progressive people, headed by H. W. Cobb, that untiring worker, organized this association and began planning for a betterment of our condition; began trying to re-establish the faith of our own people in their city; began systematically advertising our resources and possibilities. The work was necessarily slow and tedious, but it was not long before those most closely identified with the movement saw the dawn appearing. Our people gathered together in mass meetings and committee meetings planning and discussing a campaign of public improvements. The more they thought and talked the more enthused they became, and a campaign of work began From the beginning of the boom to that time we had sat patiently day after day waiting. Waiting for what? The northern investor who never came and who would be sadly missing today but for the faith and works of our own people. You can put down as a safe rule that the public will not rate a citizen, a city or a nation beyond the value they place on themselves. A few southern towns have been built by outside money and brains, but these are exceptions to the rule, Southern cities and individuals who forge ahead themselves receive always the financial aid and money that they need from the financial centers.

The old saying, "Nothing succeeds like success" is ever true. All lend a glad and willing hand to help along a recognized success. Just as soon as this city began mounting carefully small enterprisee just so soon it was that larger ones were attracted and located.

Four years ago we had but little money invested in cotton mills. We attached special importance to this item of manufacturing. Today we have employed in cotton mills capital approximating a million dollars. In the four years of our life we have seen invested in buildings for the handling and manufacture of tobacco more dollars than had been invested in the entire life of our tobacco trade of Greensboro previous to this time.

We have seen one of our foundries burned to the ground and upon its ashes rise a new modern brick building much better equipped and of greater capacity. We have seen another pull down its wooden buildings and rebuild with brick, improving at every point. The Greensboro Spoke and Bending Works has moved from its cramped quarters to a larger and better equipped plant. The Brooks Manufacturing Co. found it necessary to buy and build enlarged quarters We note with much pleasure that the brick layer and carpenter can hardly complete one contract for enlarging Proximity Mills until their ever increasing demand renders another necessary.

Four years ago we had no local telephone system. Today we have a good local and long distance system, and soon we will be talking with New York as easily as with our neighbor Pomona. Then the Western Union Telegraph carried our telegrams Now we see the new and substantial lines of the Postal Telegraph-Cable Co. looming up, and soon we trust they will be ready for business.

We must chronicle the final sale of the C. F. & Y. V. railroad (the road we had learned to look upon as our own) to the Southern and Atlantic Coast Line, and though many of us feared that this sale would damage our material growth and prosperity we are glad to say that no sign of such a change appears on the horizon. We believe that the Southern, faithful to its own interest and to the city of Greensboro, will give us such shipping and passenger facilities as will meet our ever increasing demands During the past four years they have given us greatly increased freight accommodations, having built for us right in the heart of the city a building well adapted to our shipping

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU
HIGH POINT, N. C., Sept. 8.

R. O. Foy, of Troy, was here yesterday.

Miss Annis Wheeler went to Greensboro yesterday.

Services in the Episcopal church tonight at 8 o'clock.

A. R. Hammer went to Lexington yesterday on business.

Jno. D. Paylor represents High Point in Greensboro today.

Miss Kate Smith spent last night with Miss Kate Ragan at her home in Archdale.

Negotiations are going on for the purchase of the college property for the city of High Point.

Owing to the large attendance at the graded school this year more desks had to be ordered to accommodate the pupils.

Mrs R P. Dicks and daughter Miss Louise, of Randleman, passed through last evening, leaving on the southbound local.

Mr. and Mrs. V. F Kelly and child, of Carthage, arrived in the city last night for a visit of several days to the family of Mrs V. A. Kelly.

Mrs. W. G Kirkman, of this city, and Miss Baine, of Ohio, who has been visiting the former, went to Pleasant Garden yesterday.

We would be pleased to receive your subscription to the Telegram. Try it for a month, 25c will secure it for this length of time, or $3 00 for one year.

Glad to see J.D.Mann on the street's again this morning. Mr. Mann has just recovered from a long spell of sickness. He is rather weak yet, but is recovering rapidly.

Jim Reid, express agent on the Asheboro division of the Southern, yesterday purchased from Will Pickard, of Randleman, one of the cutest little ponies you ever saw.

Miss Venetia Smith, who went north a few days ago to buy her fall and winter line of millinery, arrived home this morning very much indisposed, we are sorry to state. Her friends wish her a speedy recovery.

The vacant store room in the Groome building in which H. M. Wright will open a drug store by the 15th of this month is being painted both on the exterior and interior. F. J. Collins is doing the work.

Uncle Tyson Sechrest, aged 82 years, died in this city yesterday morning. Funeral services were at 10 o'clock in the M. P. church this morning, conducted by Rev. W. R Lowdermilk, and the remains interred in High Point cemetery. He leaves six children to mourn their loss, four of whom live here, one in New Orleans and another in Gastonia, N. C. The grief stricken family and relatives have our sympathy.

IN HONOR OF VISITORS.

Miss Bert Mebane Entertains Two Dozen Young Friends.

Miss Bert Mebane entertained a number of young friends at her home on South Ashe street, last night in honor of Miss Kerr Mebane, of Mebane, and other visiting young ladies. Twelve couples were present and the evening was most pleasantly spent at playing progressive parcheesi, crokinole, old maids, hearts, checkers, snap jacks and other games. Mr. H. C. Berger was the most successful gentleman player and was awarded—very appropriately—"Reveries of a Bachelor" as the prize. Miss Annie Leftwich won the lady's prize—a pretty silver paper knife. Mr. I. E. Avery "won" the booby, which was a large beet, decorated with ribbons.

When the games were finished, delicicious refreshments were served and the guests remained until the wee sma' hours.

The prizes were awarded by Mr. John S. Michaux, in his inimitable manner.

DEMANGE'S ADDRESS AT RENNES

Masterly and Powerful—Some of the Judges Wept and Over Half the Audience Were in Tears.

By Cable to THE TELEGRAM

Cape Town, Sept. 8—It is authoritively stated here that the Boers are concentrating on the frontier. The burghers are singing hymns and praying, recalling the fight of Majuba Hill. It is understood that all the Transvaal artillery has been called out, and burghers everywhere are notified to be ready.

A CLASH REPORTED.

New York, Sept. 8—The Journal publishes a special Cape Town message, via Bloemfontein, stating that the Boer pickets have clashed with a small squad of British soldiers near Gaunga, just across the Transvaal border The statement cannot be confirmed at Bloemfontein, but the rumor is persistent. Police couriers from Swaziland state that Bechuanas are gathered along the border of the Transvaal, waiting for the commencement of hostilities.

DEMANGE'S ADDRESS.

Rennes, September 8—Demange has begun his address. It will occupy the day. The opinion is strongly entertained in many quarters that Dreyfus will be acquitted as the foreign evidence was not taken.

Rennes, Sept. 8—Demange's address was powerful and masterly. Several of the judges were weeping and over half the audience were in tears.

STILL MAKING IMPROVEMENTS.

Preparing to Remove the Turn Table—Other Railroad News.

Some time ago the Telegram said the Southern Railway would soon remove its turn table to a point more remote from the passenger station, and yard for repair work away from the South Elm street crossing where the noise of "dying engines" would not disturb passers-by or scare horses. Some people wagged their heads and said they could not hope for anything so good.

But the Telegram was right. The work has already commenced and a few weeks will see all of this business installed at a new place just west of E. E. Bain's lumber yards. A large force of teams and men are at work filling and grading. Another force is at work excavating preparatory to laying the brick and stone foundation for the turn table, which will be located east of and right near where the old C. F. & Y. V. track runs under the Southern main line. All the space between the main line, the C. F. & Y. V and the lumber yards of the Guilford Lumber Co. and E E. Bain will be utilized for the purposes mentioned. Spur tracks will be run from the turntable back toward the lumber yards, a switch will run in from the C. F. & Y. V. side and one from the main line from a point just west of the depot.

Brick and stone piers six to ten feet high will be built so that the new tracks will be on a level with the main line track. It is expected that the work will be completed within a few weeks. Mr. Isaac Sharp has the contract for the excavating and brick work and Mr. Pruden is doing the grading.

In addition to the above a track will be run from a point near the Brooks Manufacturing Co's. plant on the Sanford and Mt. Airy division to the main line further west in order to get passenger trains from Sanford, Mt. Airy and intermediate points into the new passenger station. This will greatly expedite the handling of the immense passenger traffic at this place.

These improvements are costing a lot of money, and as we have before remarked, the Southern Railway is showing its faith in the future of Greensboro by its works.

One-third Off

To close out the balance of our childrens, misses and infants tan and black sandals and oxfords, we offer them at one-third off price. This means the 1.50 kind for 1.00, 1.25 kind for 84 cents, 1.00 kind for 67 cents, 75 cent kind for 50 cents and 50 cent kind for 33 cents. These are fresh new goods and the prices named are less than cost, but we don't want to carry them over to next season.

JOHN ROBINSON NOW.

This Favorite and Reliable Tented Exhibition Will be Here 13th.

Sam Joseph, so long and favorably known to the citizens of the "Old North State" from his long connection with the John Robinson show is in town, and tells the Telegram that the show is larger and greater than ever. It has been vastly increased and augmented since its last visit to Greensboro, and is today indisputably the grandest tented traveling exhibition in the world. The John Robinson show was one of the first to visit North Carolina—if not the first. It was then owned and managed by the pioneer showman, "old" John Robinson, as he was known and called familiarly by the people. This was many, many years ago, when shows traveled by wagons, long before the era of railroads and the announcement of its coming was heralded with joy by all amusement lovers. Yet during all these years the show has never changed its title, and is still deservedly known as the old reliable show. 'Tis years since the pioneer and founder of this great organization has gone to that "great beyond" to that "bourne from which no traveler returns" yet the mantle of his greatness as a manager of tented shows has fallen worthily upon the shoulders first of his son, John F. Robinson, and today the great show still preserving its unsullied firm name and title is controlled and managed by his grandson, John W. Robinson, thus for three generations a John Robinson has owned and managed the show bearing that name. A show that made itself famous by its strict honesty in all its dealings, by its close observance of all its promises.

During all these many years that it has visited the south the manner of its management has remained unchanged. The son, John F. Robinson followed the teachings of his father, and the great aim of the present manager, John W. Robinson is to imitate the example of his sire and grandsire. Thus far in performances of all promises made, the show remains the same as it was over a half century ago. Yet since those days there has been a great change—from a small, good show it has grown to be a great, grand exposition of all the wonders of equestrienism while acrobatic feats of all kinds, startling aerial acts, the most wonderful and marvelous acts of all kinds are presented to the public at each performance.

In the "olden days" about forty people were with the show—today there are over 500. Over 20 riders with the great Robt. Stickny, Jr., among their number and over 20 clowns—the great Johnny Lowlow in the lead, are a part only of the arenic attractions.

The menagrie has been greatly enlarged, while an added attraction is a school of sea lions which can be seen in the acquarium. Not satisfied with these attractions, a new feature, a grand biblical spectacle entitled King Solomon and the Queen of Sheba will be presented at each performance. In this grand presentation over 400 people take part, embracing among their number over sixty beautiful ladies. The armor, costumes and paraphernelia for this spectacle cost over $100,000 All of these features as enumerated can be seen for the one price of admission.

The mightiest and most gorgeous street parade ever witnessed will take place on the morning of the exhibition which will be Wednesday, September 13th.

Sorry to Lose Him.

Frank P. Morton, former manager of the Benbow, will leave Greensboro in a few days for Virginia Beach, having accepted a position as manager of the Princess Anne hotel there. We are sorry to lose Mr. Morton from Greensboro. From every point of consideration he is undoubtedly one of the best hotelists in the state or out of it. He possesses all the qualities of an all-round good fellow and made the old Benbow the most popular commercial hotel in the state. We were hoping he would manage it again. Success to him in his new field.

Storm Visits Ramseur.

Advices from Ramseur say that night before last a severe storm visited that place and Franklinville, doing much damage to property. The extent of the damage is not known, though it is believed that no one was hurt. Prof. O. W. Carr went down this afternoon to ascertain whether any of the property insured in his companies was caught in the storm.

PROSPERITY IN FLORIDA.

The Business Outlook in that State is Very Favorable.

THE SOUTH IS FOR FREE SILVER.

Majority of Southern Democrats Against the Aministration's Foreign Policy.

Special to the TELEGRAM.

Washington, D C., September 8—Representative Stephen M. Sparkman is in the city, having arrived the other day from his home in Florida, for the purpose of attending to some matters before the departments in which his constituents are interested. He is stopping while in the city at the Metropolitan hotel, and expects to be in Washington for several days.

Mr. Sparkman was seen the other day, and stated that the business outlook in his section of the country is very favorable. Florida, he says, has passed a very successful season this summer, considering the dull time of the year. The people of the state are generally prosperous and contented. As to politics in the south, the Florida representative believes that his own state, and every other southern state will send Bryan delegations to the national democratic convention In speaking of the outlook, he said that the south is for silver, and will cordially support Bryan. He thinks also that the majority of the democrats are against the policy of the present administration in regard to foreign affairs.

The marriage of Miss Hester V. Calvert, daughter of Mr. and Mrs. Charles Baltimore Calvert, of College Park, Maryland, and Dr. Henry Walter Lilly, of Fayetteville, North Carolina has just been announced. The ceremony will take place at St. John's Episcopal church, this city, Wednesday evening, September 20th. Mrs. E. J. Lilly, a sister-in-law of the groom will attend the bride, while Mr. Walter F. Leak, of Fayetteville, North Carolina, will be the groom's best man. The bridesmaids will be sisters of the bride. The ushers will be Dr. Sothoron Key, of this city, Mr. S. H McRae, of Fayetteville, and Messrs. Charles Baltimore and George Calvert, brothers of the bride.

LISTEN FOR THE FIRST GUN.

The crisis has arrived in the negotiations between Lord Chamberlain and President Kruger, and the great kingdom of England is preparing to go to war with the little South African republic, called the Transvaal. The question which has waked the sleeping sword of war in the east once more, is, whether Great Britain shall pry into the affairs of the Transvaal, by reason of her professed suzerainty over the republic, which suzerainty the Boers deny, and are preparing to support their contention with with all the armed fury of their warlike nature.

This question of British suzerainty, which appears to be very shadowy, had its rise in the recent warm correspondence between Lord Chamberlain, the secretary of the British colonial office, and Oom Paul Kruger, the president of the Boer republic, concerning the recent franchise law passed by the Transvaal congress or volksraad, which gives the voting privilege to Outlanders after a seven years' residence in the Transvaal. Mr. Chamberlain, with typical English jealousy, thought that some unpleasing effect detrimental to England's rights, might be created on the status of foreigners in the South African Republic by the operation of the law, so he addressed a note to Kruger proposing the creation of a joint commission to inquire into the matter. Counter propositions were made by Kruger, which it appears were made only to gain time, for Kruger, with true diplomatic cunning, saw that to permit an enquiry by commissioners into the effect of a franchise law to be enacted by the raad, would constitute an admission of the supervisory power of Great Britain over the legislation of the republic, and hence, by implication, an admission of British overlordship.

So notes and notes, propositions and answers and counter-propositions and point blank refusals and demands and defiances galore have transpired, and now the big dog and little one are preparing to settle the dispute in a grapple, and the first gun may be listened for at any moment.

Only an accident can prevent this year's corn crop from breaking all previous records. The Chicago Tribune's canvass of states which produce the bulk of the crop justify a prediction that the crop will approximate 2,500,000,000 bushels. Including the crop now to be harvested, only nine crops of 2,000,000,000 bushels or over have been produced. The estimates for 1899 of the eight corn states follow: Kansas, 340,000,000; Nebraska, 310,000,000; Iowa, 250,000,000; Illinois, 230,0000,000; Missouri, 190,000,000; Indiana, 150 000,000; Texas, 135,000,000; Ohio, 110,000,000.

September Masquerading.

She borrowed summer's emerald dress,
She twined gay flowers in her hair,
Her eyes shone clear, she sweetly smiled--
We could but own her fair.

And so we gave her answering smile,
Nor stopped to grieve for summer fled,
The whole September played her flutes
And warm, bright hours sped.

We roamed with her o'er woods and fields,
And loitered by the shimmering tide.
And with each day's felicity
Were more than satisfied.

But oh! one morn her eyes were dim,
Her hair was gray, her smile had fled,
Her trailing robes were lustreless—
We grieved for summer dead.

Well diggers on Lookout Mountain, Tenn., Wednesday discovered a rich gold quartz vein.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and $1 00. Every bottle guaranteed.

BLOOD POISON CURE FREE!

B.B.B. (Botanic Blood Balm) Drives th Poisoned Blood out, and Thus Cures.

SAMPLE BOTTLE MAILED FREE!

SYMPTOMS. If you have either pimples painful swellings, ulcers, or mucous patches in throat or mouth, sore eyes or nose, slow discharge from the ears, copper-colored spots (sometimes the spots are red or pink), sores on the back, or ulcers on legs, color bad, skin itches and burns, boils, aching bones, feet or hands puff up and swell, hair and eyebrows fall out, then you have blood poison, either acquired or inherited. Begin taking B.B.B. at once, at any stage of the disease, and in one to six months the poison will be driven out of the entire system, and a cure will result. All the symptoms will gradually disappear, and you will be happy once more. B.B.B. (Botanic Blood Balm), is a thoroughly tested powerful blood remedy, hence cures when all else fails. Beware of the mercury treatment of the doctors. B.B.B. does not contain vegetable or mineral poison, and acts as a fine tonic, building up the broken-down constitution. For sale by druggists. Large bottles, $1, six (full treatment) for $5. Send 2 stamps for book and free sample bottle, which will be sent by return mail. Describe symptoms, and personal free medical advice will be given.

THE ONLY

Big Show

That Will Visit

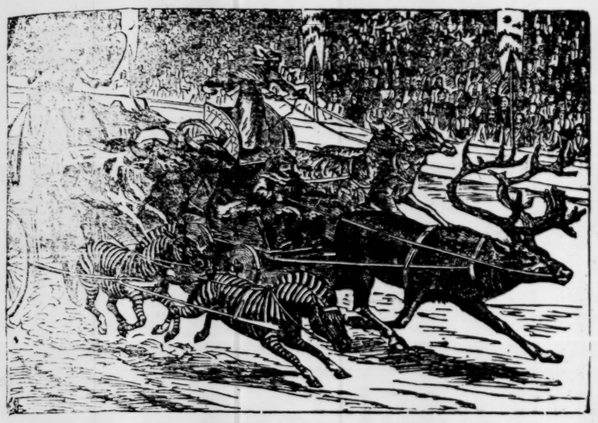
GREENSBORO THIS YEAR

"After all, Old Things Are Best." The Old Reliable

OLD JOHN ROBINSON SHOW

Which you have known, respected and enjoyed through three generations, will visit you on

Wednesday, September 13th.



THAT WILL BE A GALA DAY!

For over three quarters of a century the people of beloved North Carolina and the south have claimed the old John Robinson Show as their favorite. Your grandfathers and grandmothers have sounded its praises, and many of the grown up sons and daughters of famed North Carolina early learned to lisp the name of Old John Robinson with their baby lips and ever since have proved, as true North Carolinians, their loyalty to the show of their youth and to other amusement organization ever will or ever has held the place in the hearts of the whole people like the old reliable John Robinson Show and now after a long absence during which time it has assumed ten times the proportions in merit, size and magnificence, it comes to

Greensboro One Day, Wednesday, September 13th.

John Robinson's Ten Big Shows

It comes with the Grand Biblical Spectacle, Solomon, his Temple and the Queen of Sheba. Without a parallel, acknowledged by a universal public the cause of it all, Great Show, the peerless Exhibition of America. Three big circuses, four big rings, three big menageries, one prodigious aquarium, one complete aviary, one grand Biblical spectacle, ten truly great shows, one gigantic museum. For seventy five years through three generations this mighty and powerful amusement has exhibited in every state in our vast union and the name of John Robinson is alone a guarantee that the performance under the vast canvases by far excels all others in merit, originality, magnificence, variety and quality.

THE MENAGERIE

Surpasses in magnitude and completeness the largest known zoological collection in the world. One of the special features of the big triple menagerie is the largest snake alive—25 feet long.

Two Great Special and Exclusive Features Secured at Immense Expenditure.

A school of Sea Lions, the only one on exhibition in America. Also a herd of Philippine Water Buffaloes, direct from Luzon Island, Manila.

THE CIRCUS FEATURES

This season, obtained from Europe and America, will amaze and startle the world. Nothing like them ever before presented in this country. The most novel and finest riding acts ever witnessed. From nine to twelve of the world's greatest champion Lady and Gentleman Equestrians riding in four rings at one time. This feature is new and original with thig show.

MORE FOR THE MONEY

Than any other three circuses furnish their patrons. Larger, costlier, and more distinctly original tableaux, cages and dens than owned by any big show in the world. Most costly costumes, more scenery used in the one great feature of Solomon and the Queen of Sheba than in the entire combined features of any other exhibited in the country. Over $ 00,000 expended in this production alone. 100 of the most beautiful dancing girls in America.

THE GRAND STREET PARADE AND ROBINSON'S HORSE FAIR

An institution in itself. A truly magnificent pageant. A feature of the free street parade is the grand spectacle of forty of the smallest ponies ever harnessed and driven at one time. Don't fail to see them.

TWO PERFORMANCES DAILY.

Old John Lowlow the Clown,

Will Appear at Each Performance.

Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones. S. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

Capt. O. B. Hughes, the popular railroad conductor, of Columbia, S. C., had an experience with Rheumatism which convinced him that there is only one cure for that painful disease. He says: "I was a great sufferer from muscular Rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took about a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure that your medicine cured me, and I would recommend it to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S.S.S. For The Blood

being Purely Vegetable, goes direct to the very cause of the disease and a permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals.

B. E Jones left this morning for moorsville to spend several days visiting relatives.

Lon Swain went to Durham this morning.

C. H Ireland went to Graham this morning.

J. S. Cobb is spending the day in Durham.

B. H. Woodel, of Raleigh, was here this morning.

O. R. & A. F. Cox, of Cedar Falls, were here yesterday.

District Attorney A. E Holton, of Winston, was here today.

R. A. Spainhour, of Wilkesboro, was in the city this morning.

Sam N. Thompson went to Leasburg this morning to spend a day or two.

Miss Addie May Poteat, of Milton, passed through the city today, going to Elkin.

Mrs. Henry Roon, of Winston, is visiting her sister, Mrs. J. W. Fry, on North Elm street.

Rev W. C. Tyree, of Durham, spent last night in the city, returning home from his vacation, which he spent at Afton, Va.

Miss Cora Omohundro left this morning for Danville, where the family will reside in the future, her mother having removed there to conduct a boarding house.

Lawrence Pickard, of Charlotte, who has been sick at the McAdoo house for several days, returned home this morning. His father, J. A. Pickard, arrived yesterday to accompany him on the trip.

"I'm not quite so certain that our man will win this fight," remarked the assistant trainer. "He's handicapped by his reach," responded Knockout's manager, "by him a megaphone right off."

The woman who mislays her hat and looks for it in her purse, among other impossible places, is very like the physician who looks in all sort of impossible places for the cause of a disease. The heart begins to act irregularly and straightway there's an examination of the heart to find what is interfering with it. The liver gives trouble, and is dosed with drugs and pounded with pills to bring to light the cause, and all the time the cause of the trouble is in the stomach.

The intimate connection of the stomach with the heart and the other vital organs, necessarily results in the sympathy of these organs with any derangement or disease of the stomach and the organs of digestion and nutrition.

Thousands have been cured of palpitation, liver trouble, shortness of breath, pain in the side, backache, and numerous other complaints by the use of Dr. Pierce's Golden Medical Discovery. This medicine acts directly upon the stomach, the organs of digestion and nutrition and the blood making glands, and the fact that it cures so many forms of disease is the best proof that these diseases originate in the stomach and must be cured through the stomach.

"I had been a great sufferer for several years, and my family doctor said I would not be a living man in two years, but, thank God, I am still living," writes Mr. George W. Trustow, of Lipscomb, Augusta Co., Va. "Dr. Pierce's Golden Medical Discovery is what saved my life. I had heart trouble so bad that I could not lie on my left side without a great deal of pain. I was nearly past work when I commenced your medicine, but I can do about as much work now as any man. I cannot say too much for the benefit I have received."

The People's Common Sense Medical Adviser, the "Bible of the body," is sent free on receipt of 21 one-cent stamps to pay expense of mailing only, for edition in paper covers, or 31 stamps for cloth-bound edition. Address Dr. R. V. Pierce, Buffalo, N. Y.

OUR PROGRESSIVE MARCH.

CONTINUED FROM FIRST PAGE

needs: while their new passenger station would do credit to a city the size of Baltimore—large, airy, cheerful, giving the people ample accommodations. When to this is added a large shed running from South Elm to Ashe street no city in North Carolina can boast of anything like such passenger conveniences.

The completion and opening of Summit avenue has been an object lesson to our people in good roads. It has laid the foundation of other street work of like character, and we believe it has had much to do with making it possible for our city to vote to issue $75,000 worth of bonds for street improvements as well as $225,000 worth of bonds for other improvements. Our people fully realize that each artery in the city should be so built and equipped in the interest of economy and progress. Right here if it were not for handicapping your next president and executive committee we should like to organize this meeting into a good roads congress, so great is the need and so far reaching is the benefit. Every member of this organization should be untiring in his efforts to secure for this city and county good streets and good roads.

Our wholesale interests have reached a volume of which we need not be ashamed. Hardly a village in any of the states but that now buys from Greensboro and that does not know of our commercial importance. We grow because we have faith in our own city and a determination of our own to succeed.

Compare our insurance interests now and at the organization of this association. The wisdom of the founders of our local companies, watchful in their risks, prompt in their settlements, economical in their managements, has long placed them beyond the experimental stage. Returning 20 per cent of their premiums to their policy holders, making dividends for their stock holders, depositing their earnings in our local banks, and loaning on our securities has made our entire citizenship their friends.

In 1890 the North Carolina Steel & Iron Co. was incorporated and began building a blast furnace just outside the city of Greensboro. On the completion of this furnace it was found that the depression in the iron trade made it impossible to successfully compete with furnaces then in operation, and for this reason the furnace remained idle until the spring of this year, when it passed into the hands of the Empire Steel & Iron Co. We are glad to say that it is now in successful operation, and it is reported that the quality of iron is of a very high grade and that the furnace is being operated on a basis of profit entirely satisfactory to the management. This is evidenced by the fact that they are largely increasing the capacity of the furnace.

Our financial interests likewise indicate progress. Four years ago the combined deposits of our banks were about $400,000. Now they closely approximate a million. Careful management characterizes their workings, and we believe no institutions of this class stand higher. During the past year the Greensboro Loan & Trust Co has been organized, and the middle of September will see this company in active business. It deserves the encouragement of the people of Greensboro and the surrounding country. It gives us pleasure to welcome such an organization, managed by such conservative, capable people. We know that it must be a success. Another financial institution, the Southern Loan & Trust Co., organized the past year, dates its real beginning some years back. Success has attended its efforts, and from an investment of $5,000 in real estate the company shows today a capital and surplus of over $50,000, and Greensboro has as her portion of the profits an office building that would do credit to Broadway and that has a cost approximating $35,000.

We see the new faces of a great many business men who have recently moved to the Gate City, some of whom are interested in further developing our cotton manufacturing interests. By constructing the Revolution Mills and the Van Deventer Carpet Mills they will give employment to a great many of our worthy citizens and will place in circulation in our midst many thousand dollars. The Johnson Co., manufacturers of galvanized cornices, etc., and are now employing about thirty-five people in their line and tell us that they have orders sufficient to run them for months to come. Mr. C. D. Saxon, of Buffalo, N. Y., has established a plant for the manufacture of handles, rims etc., from the superior hard wood that is in our immediate section. We believe that his venture will be attended with success. Our association and our whole people extend to these gentlemen the right hand of fellowship and shall be pleased to contribute to their pleasure and to aid them whenever possible.

Our educational institutions keep pace with our development, and progress is permanently nailed to their masthead. We are justly proud of these institutions. They help us grow. No branch of our industrial development has done so much to advertise us to the people of North Carolina and beyond the confines of our own state lines. Greensboro is no longer recognized as a lagger, but is pushing, working, hustling all the time, always on the lookout for the bettering of her condition commercially and from a manufacturing standpoint.

It would give us much pleasure to speak of the many minor improvements that have been inaugurated during the past year, but on account of the limit of time these cannot have our attention. Everywhere you turn evidences of improvement are visible. In a drive over the city you find that no section has a monopoly. It is the order of the day everywhere. New small factories, new homes, pretty yards and lawns, fresh paint,—all these betoken better times and still brighter prospects for the future. The association might well invest a few dollars in carriages to drive croakers and kickers over the city to show them the material evidences of our increased prosperity.

We do not claim that all this development is due to the efforts of our association, but that whatever influence it has been able to command has ever been for the general upbuilding and shall continue to be cast for improvement and progress.

As president I want to say publicly that I claim no part of this development for my individual efforts. The executive committee and your faithful secretary and treasurer deserve your thanks and praise. They have been faithful to the trust committed to their hands. I thank them individually for their uniform kindness to me. I trust that your next president may find his association as pleasant, and with more time at his disposal and with the greater influence that he will be able to exert on your manufacturing industries that he shall be able to show at your next annual meeting many more substantial evidences of prosperity. I shall always appreciate the confidence shown to me by your membership, and only wish that I might have been able to present to prospectors and the public at large the advantage of locating in Greensboro in such a way as to convince them of the justice of our claims and to have secured their location and co-operation in further advancing our interests. Respectfully submitted,

J. S. Hunter, Pres.

Wash Thacker and Jim Smith, Philpot sympathizers, were killed from ambush at London, Ky., Tuesday.

Causes of Loss of Hair

Dr. Sabouraud, the eminent French Dermatologist, says that 90 per cent of hair losses are the results of microbes and the neglect of dandruff. The antiseptic action of

SEVEN SUTHERLAND SISTERS'

preparations kills microbes and removes dandruff. Their constant use for a period will, by acting directly on the hair bulbs, furnish nourishment, vitality and growing power to the impoverished roots and hair shafts, resulting in complete restoration.

WILL HAVE NEW SCENERY.

The Academy Will Dress Up in New Colors.

Yesterday we mentioned the fact that the Messrs. McAdoo were thinking of putting in new scenery, etc., in the Academy of Music.

Today it is our pleasure to announce that the contract for a new curtain, new scenery and stage settings has been let and the work is to be done in time for the opening bill of the season which occurs on the 21st. Mr. Bond, the rapid and artistic sign writer, has the contract and has already begun the work.

The Messrs. McAdoo have, by this step, shown a disposition to give amusement-loving people the best equipment possible consistent with good business judgment, and have thereby incurred the thanks of those who have been gazing on the old scenery all their lives.

You may look for something pleasing, bright and attractive. The first show of the season will be a minstrel, on the 21st, and as we have remarked, the new scenery is to be completed by that time.

KING SOLOMON AND THE QUEEN OF SHEBA

In Connection With John Robinson's 10 Big Shows Combined.

This wonderful spectacle has a breadth of effect which surprises and delights. Its gorgeous procession and splendid ballets are incomparable, and nothing so vast or imposing has ever been seen in this country before. We gaze upon the ancient city of Jerusalem and the temple of Solomon animated with life and glowing with color. It is no mere artificial show, but a vivid and vast realization of life in the time of Solomon. The senses are beguiled by its reality as well as its surpassing beauty and the perfection of its details, at Greensboro September 13th.

A Wonderful Cure of Diarrhoea.

A prominent Virginia editor had almost given up, but was brought back to perfect health by Chamberlain's Colic, Cholera and Diarrhoea remedy. Read his editorial. From the Times, Hillstille, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. R. Moore, Sold by C. E. Holton.

General Wheeler

Taking in the situation around Manila. Now let Uncle Sam relieve Otis and give the old Buttermilk Ranger a half chance and you'll very soon hear the insurgents calling for the calf rope. The name Buttermilk Ranger was given to our cavalry during the 60s. An army to be victorious must have confidence in their leader. Take the record of General Jackson. Why, the soldiers under him knew no such thing as defeat, and to just say that Jackson's in the rear was enough to throw consternation in the camp of the enemy. Confidence is just as important in the commercial world, and the mere mention of the name

HARRY-BELK BROS. CO.

creates a panic in the mercantile arena. We cannot understand how we can always get in the rear of their prices, but this is easily explained. For we have a leader that knows every hog path that leads to the manufacturing plants of this country and keeps posted. In this way you see we only buy from first hands, thereby saving the middleman's profit. Our buyer spends weeks in the market. Take the army of stores—Charlotte, Greensboro, Monroe, and Union, S. C., and you will at once see that it requires tons upon tons of goods to supply them. Buying so largely we take the entire output of a number of factories. In this way we get the inside prices. Our buyer will soon

.....LAND.....

in the manufacturing centres of this union and, like Wheeler in the Philippines, you will hear something drop shortly in old Guilford that will astonish the natives. Before this takes place, and in order to make room, we have made JOB COUNTERS in all departments to clean up many valuable lines at half price. Price is no object. The room is what we want and must have. Be quick.
